SkyGEO

INTERNET AND PRIVATE NETWORKS TO KEEP YOUR INFORMATION SECURE

A geostationary fixed satellite internet service for businesses.

Using our SkyGEO service will allow you to conduct online business operations. With our high-speed unlimited bandwidth plans, your business will run seamlessly via our reliable connection to the internet via satellite. Alternatively, our SkyGEO product supports customers who need a private network solution for MPLS and SD-WAN architectures.

COAX CABLE KIT (25M)

IDIRECT IQ DESKTOP+ SATELLITE MODEM

OUR SATELLITE EQUIPMENT KIT CONTAINS:

1.2M SATELLITE DISH

Our parabolic 1.2m dish provides clear coverage no matter your location or the weather.

IDIRECT IQ DESKTOP+ SATELLITE MODEM

The iDirect IQ+ Desktop Modem is a small form factor modem that can be powered by an AC or DC power supply.

6W BUC

We supply our VSAT kits with a 6 Watt BUC to ensure optimum performance. The BUC is powered via DC via the single coax cable interface

COAX CABLE KIT (25M)

We provide a coax cable kit consisting of 2 x RG-6 Belden Quad Shield coax cable length with per-termination F type connectors.

KU BAND LNB

The LNB receives the signal from the satellite in geostationary orbit and connects to the iDirect modem via a cable cable
