SkyLEO

A LOW EARTH ORBIT (LEO) FIXED SATELLITE INTERNET SERVICE FOR BUSINESSES

DATA PLANS

SKYTEL'S LEO SATELLITE ENABLED INTERNET SERVICES HAVE THREE DISTINCT OFFERINGS:

BROADBAND	Our broadband offering is our entry-level option, ideal for accessing the internet in remote locations, ideal for schools, health clinics and regional offices.
ENTERPRISE	Our enterprise offering is best suited for businesses that need high bandwidth applications such as video conferencing and cloud-based services and enhanced cyber security provided by satellite.
DEDICATED	Our dedicated offering is best targeted towards large businesses, government branches and cellular backhaul for telecommunications service providers. With increased security and private network access, this plan offers large enterprises fibre-like network experience to work swiftly and safely without interruption.
